Minibeasts are crawling all over Yr 1/2

What we know about Minibeasts?

Ben: Bugs have 6 legs and 3 body parts.
Darcy: Bees have a stinger. When they sting you it falls off and the bee dies.
Riley: Daddy-longlegs are a cousin to a spider.
Toby: Baby spiders can regrow their legs.
Sydney: Adult spiders can’t regrow their legs.
Koby: Bees have stingers.
Alex: There are 5000 different species of ladybugs.
Alyssa: Spiders are arachnids.
Lachy: Most insects have 3 body parts and 6 legs.
Lex: Some mini beasts fly.
Jacob: Ladybugs have hard wings that protect the thin wings.
Haylee: The bees wax is used to make candles.
Kiara: Ladybugs can fly.
Ethan: Ladybugs have 6 legs.
Lacey: Ladybugs have an oval shaped body.
Kiasey: Ladybugs aren’t true bugs.
Lacey: Ladybugs have an oval shaped body.
Kiasey: Ladybugs aren’t true bugs.
